Quickly configuring and reconfiguring even small workspaces is possible thanks to the mobility of Share solutions equipped with wheels with brakes.

Underlying certain Share products are the concepts of interaction, communication and sharing, formally expressed by original media stations, whiteboards and tables in various sizes.

A complete range of extremely versatile products characterises the Share collection, designed to meet every need in a smart working environment.

Share solutions are ideal for furnishing open spaces by creating differentiated and flexible zones. Thanks to their simple and extremely functional design, they can also be integrated individually into already furnished offices or traditional workspaces.

Share supports the office space all throughout the working day, offering differentiated solutions to serve the tasks at hand. Each solution perfectly dialogues with the next, with their combinations exponentially multiplying the number of configurations to best experience the individuality and collectivity of the office.
