←
Maniglie a ponte in identica finitura delle ante.
Bridge-shaped handles in matching finishing with doors.
Poignées à pont dans la même finition des portes.

I contenitori Smart nascono dalla volontà di attrezzare le postazioni in modo libero e funzionale rispettando le più varie esigenze del cliente. La stretta modularità e la variabilità tipologica consentono di ottenere composizioni articolate e complete.

Smart storage units are the response to the need for freely and functionally equipped workstations that can meet any need. The high modularity and the many typologies allow the creation of complex and complete layouts.

Les rangements « Smart » sont le résultat de la volonté d'équiper les postes de travail de manière libre et fonctionnelle en respectant les besoins les plus diverses des clients. La précision de la modularité et la variabilité des typologies permettent d'obtenir des compositions articulées et complètes.

>
A lato scrivania, la componibilità consente usi differenziati sui due lati.
On the desk side, the modularity allows different uses on the two sides.
Sur le côté du bureau, la modularité permet des usages différents sur les deux faces.

cod. 38

Il telaio in colore nero e la piccola maniglia a ponte evidenziano le alternanze delle ante vetrate e di quelle in legno, secondo schemi compositivi pensati per elevare il livello estetico del contenitore. La cornice, netta e decisa, valorizza ogni elemento dando un carattere nuovo.

The black frame and the small bridge-shaped handle enhance the alternation of glass and wooden doors, following composition schemes designed to improve the storage unit aesthetic level. The clear and neat frame enhances each individual element giving it a new personality.

Le cadre noir et la petite poignée à pont soulignent l'alternance des portes en verre et en bois, selon des schémas de composition conçus pour augmenter le niveau esthétique du rangement. Les lignes claires et décisives mettent en valeur chaque élément en lui donnant un nouveau caractère.
